**Reporting 2020-21 Snow Emergency Days**

Effective Tuesday, December 15, 2020, the Board of Regents approved as an Emergency Rule an amendment to Section 155.17(f) of the Commissioner’s regulations for the 2020-21 school year regarding snow days. This section had required superintendents to notify the Commissioner as soon as possible whenever a school’s emergency plan or building-level school safety plan is activated to result in the closing of a school building in the district, and to provide any information the Commissioner requires, but specifically exempted notification for routine snow emergency days. However, due to the COVID-19 pandemic, the State has shifted to allowing and/or requiring remote instruction by many districts and, in light of this, the Department is offering a one-year pilot program to allow school districts to shift to remote instruction for days that a district would have otherwise closed due to a snow emergency.

In order to review and evaluate the snow day pilot program for possible future extension, all districts, BOCES and charter schools are required to “provide such notification for snow emergency days, including those days converted to remote instruction under the 2020-21 snow day pilot in accordance with the provisions of this subdivision.”

To satisfy this requirement, snow emergency days must be reported via the *Report of School Closure* and subsequent *Report of School Re-Opening*. Information on snow emergency days that were converted to remote instruction will be captured on the *Report of School Re-Opening* (question #4) which requires the Chief Executive Officer (CEO) to report the location or means of instruction provided during the school closure. Instructions on submitting the *Report of School Closure* and the *Report of School Re-Opening* are provided in Attachment A.

Approved Special Education Programs (ASEPs) are authorized to participate in the snow day pilot program on a voluntary basis. Information pertaining to ASEP reporting of snow emergency days used for remote instruction will be forthcoming in a separate memorandum from the Office of Special Education.

Additional information regarding the snow day pilot can be found in the December 1, 2020 memo *Recording and Reporting Attendance and Hours of Instruction for In-Person and
Remote Instruction in the 2020-21 School Year (nysed.gov) or by contacting 180days@nysed.gov.

Questions about submitting a Report of School Closure or Re-Opening via the SEDMON system can be directed to SSEC@nysed.gov.
