

**BOCES DATA REPORT FOR STUDENTS WITH DISABILITIES AND
FOR STUDENTS IN EQUIVALENT ATTENDANCE 2016-17 STATE AID
(2015-16 ENROLLMENT DATA)**

The SA-156 allows BOCES Special Education and Alternative Education offices to compute the full-time equivalent enrollment of students with disabilities and of students in various programs for which equivalent attendance is a factor in the generation of General State Aid to school districts. Once this BOCES has completed a form for a specific school district, it should be transmitted to the school district for use in claiming State Aid payable for the upcoming year. School districts must include the reported full-time equivalent enrollments on SAMS Form A which is due in the Education Department on September 2nd of each year.
